Time Management Skills, Critical Thinking, Leadership, Next.js, SSR, CSR, JS, TS, React, Redux, RESTAPI, ANTd, MUI, JEST, Emmet, BootsTrap5, HTML5, CSS, TailWindCSS, Git

About Me

Hello. I am Dmitry Kairgeldin - a front-end developer. I am one of the organizers and specialists of the Google Development student club at Astana-It University. From my early years, I was fond of IT and sports and participated in programming competitions. I took the 3rd place at the city Olympiad on programming in Almaty. Also, I participated in the AITU Olympiad of republican scale and reached the final stage. I am actively engaged in sports, sports help me to relax, keep my body in shape, and accustom me to discipline. I am fond of photography, positive, able to find compromises, and always ready to learn new things. I am also currently studying at the Samsung Innovation Campus.

My pet projects on **GitHub**: https://github.com/dkcodec

Experience

Hurtle   **Feb. 2024 - Present**

I took part in the creation, development and promotion of a slightly innovative product. I proposed a lot of interesting ideas, which were actually realized and released to the market. I improved my networking and soft skills a lot.

Hartle is a job search service, but not in a simple format. NeuroResume feature is our distinctive feature. You can check out all the functionality on the website: https://hurtle.ru/ and https://hunt.hurtle.ru/

Skills: ClickUp, teamwork, time management, working with backend, React Hooks, BootsTrap5, Redux, React routing, Redux, Git, and a bit of Next.

Project Tore(Startup)   **Aug. 2023 - Dec. 2023**

I was a front-end developer in the startup Project Tore. Project idea: Auto-collection and storage of certificates and awards (from various courses and Olympiads).

Was engaged in developing user interface, in particular, wrote authorization on the site. It also helped with the development of the design and choice of colors.

Skills: React, Firebase, JS, (some TS), Webpack, Redux, React Router/router-dom, Git, GitHub, Notion.

Language

Russian - native

English - Upper Intermediate

Kazhakh (basic)

Volunteering / Socail work

Google Development Student Club   **Sep. 2023 - Feb. 2024**
